

UNI-GRIP

Dear Customer,

As you are probably aware, Ohio has issued a “Stay at Home Order” that shuts down the operations of non-essential businesses on March 23rd 2020 in the state of Ohio.

Uni-Grip provides many parts to customers in the areas of construction equipment, ambulance, fire trucks, agriculture, etc. which are considered “essential businesses”. Because Uni-Grip is considered an essential supplier to these companies, we are allowed to stay in business during this period of time.

Uni-Grip is fully operational at this time and ready to serve not only these “essential business” customers, but all of our customers during this crisis.

If you have any questions, please don’t hesitate to reach out to any member of our team.

Thank You and Take Care!

Andrew Mathias

President
